

CHECKERS BLUELINE NOW OPEN AT CENTURION LIFESTYLE CENTRE

The popular Centurion Lifestyle Centre, situated on the corner of Old Johannesburg and Lenchen Roads, have made some exciting changes to its tenant mix, the biggest of which is the opening of a 3000m² Checkers Blueline. The store opened its doors to the public on 14 July 2010, with some massive opening specials. A 190m² Checkers Liquor Store will be opening soon.

Furthermore, a brand new Wimpy opposite Checkers, brings added variety and convenience to shoppers, who might like a bite to eat before or after their grocery shopping.

Some other new shops that Centurion can enjoy at the centre are Plasticland, World of Accessories (motorcycle accessories), Paint & Place and Woodies (a manufacturer of stylish wooden patio furniture).

McDonalds will soon be adding to the food component of the centre with a complete 24-hour-a-day McDonalds Drive-through currently under construction.

The current tenant mix in Phase 2 of Centurion Lifestyle includes a Boardmans, Volpes, Baby City, Standard Bank, Absa, Nedbank, FNB, Mokki, Mr Price Home, Mr. Price Sport and Spectacle Warehouse to name but a few.

“These changes have been effected to broaden the range of shops and services that the shopping centre offers and to ensure a complete convenience shopping experience”, notes Jurgens Prinsloo, of Abland.
